

# *HARDY – WEBSTER DENTAL, PLLC*

## *Photographic Release*

Dr. Hardy & Dr. Webster take photographs of patients not only to document the health of their mouth, but also as an aid in determining their oral health concerns and to facilitate development of an ideal treatment option.

Dr. Hardy & Dr. Webster are also part of many dental associations including the North East Seattle Study Club, with the patient's permission, will utilize their photographs for teaching, presentation and some marketing purposes. We have been blessed with the opportunity to serve countless patients in creating healthy, beautiful smiles and would like the opportunity to share their results with other dentists and patients in order to assist them in their learning experience.
